Trailfinders Canary Wharf Travel Centre

This prestigious project in Canary Wharf demanded the highest quality professionalism to meet the exacting standards required.

Commissioned by Woodcraft Joinery, S.A. Kelly deliver exceptional finish for Trailfinders Canary Wharf Travel Centre.

When Woodcraft Joinery contacted us, they specified the high quality finish required to reflect these expert travel consultants to best advantage. We were aware that the décor was effectively to be used as an advertising tool for new travel experiences and followed the scheme to reflect that.

Providing a first-class service in all aspects of painting and decorating

The expert architectural and design team devised a tasteful layout with flamboyant décor to appeal to the adventurer in every traveller. A neutral colour scheme was used throughout, against a backdrop of striking green and plum walls. Large paper or vinyl custom graphics were adhered to the walls and individual booths where agents worked. These were used to display various exotic locations, highlighted with cohesive signposting.

Décor the advertising tool for new travel experiences

S.A. Kelly, ensure the best possible finish to walls, ceilings fixtures and fittings. Trailfinders continues to provide thoroughly enjoyable and liberating projects for all concerned.

Our thanks go to Woodcraft Joinery for allowing us to feature this project.
